Command & Conquer™ 3: Kane's Wrath

Product Description

In the name of Kane! The *Command & Conquer*™ series continues to thrive with *Command & Conquer*™ 3: *Kane's Wrath*. As the expansion pack to the critically-acclaimed and fan favorite, *Command & Conquer 3 Tiberium Wars*™, this Real-time Strategy (RTS) game returns to the Tiberium Universe with Kane at the center of an epic new single player campaign.

Experience a new story that spans 20 years – from the rebirth of the Brotherhood of Nod after the Second Tiberium War through the dramatic events of the Third Tiberium War and beyond. The story is told through a new set of high-definition live action video sequences starring a celebrity cast. Joe Kucan, the original actor who portrayed the character Kane in *Command & Conquer* games over the last decade, will reprise his role as the megalomaniacal leader of the Brotherhood of Nod. Other details of the cast have yet to be announced.

Command & Conquer 3: Kane's Wrath also features a new strategic layer of gameplay that allows you to establish bases, build customized armies, and attack your enemies on a global scale – and then dive into the frenzied tactical combat where your skills as a commander will be tested to the limits. The game introduces six new sub-factions and a wealth of new units, structures, and powers to the armies of the Global Defense Initiative, the Brotherhood of Nod, and the enigmatic alien Scrin.

The Xbox 360™ version of *Command & Conquer 3: Kane's Wrath* will debut a revolutionary new radial interface designed specifically for console gamers. Taking RTS controls to a whole new level, utilize the command stick to build, deploy, and attack with great ease.
